STORY OF THE MASTERPIECE

FOUR WHEELS - ONE ENGINE and that little something extra. Get on board and start the next season together with your individual driving dream. This masterpiece withstood our qualified testing process, shines with a unique setup and is ready to go "on the road"!

If you like it original, this is the right place for you!

We have had this Porsche 911 in our halls for several years. Actually too beautiful to restore – but almost everyone wants a perfect vehicle and no patina.

This candidate, however, literally cries out to only get a light restoration. Its interior is patinated like we have seldom seen it. The same applies to its chrome and also 80% of its outer skin.

Our recommendation:

Revise drive unit, revise technology, replace chassis, underbody and partial ice blasting to remove rust, repaint the vehicle (if desired).

After that, it would be a perfect daily driver

Appointments in the Appointment Hall take place exclusively by appointment. This is how we ensure that you feel well looked after and advised during your personal "Porsche Appointment".
